

WOMEN'S SOCKS #SW/05

SIZE 38/39

ⓑ

MATERIALS Lamana Merida (50% Wool, 25% Silk, 25% Polyamide, approx. 200 m/50 g), 50 g each in colors Antique Pink shade 40, Dark Denim shade 41, Lavender shade 61 and Pearl Grey shade 37, 1 set of dpns size 2.5 mm

ABOUT The explanations of the abbreviations used in this pattern can be found on last page

PATTERN NOTE Border pattern: alternately k 1 tbl, p 1

Main pattern: Stockinette st: in rows: knit the RS, purl the WS; in rounds: k all rounds

Stripe-sequence: alternately work 3 rnds (1 stripe) in color Antique Pink and 3 rnds (1 stripe) in one of the other colors, in following order: 2 stripes in color Dark Denim, *1 stripe in color Lavender, 1 stripe in color Pearl Grey, 3 stripes in color Dark Denim, rep from *

HOW TO CO 56 sts using color Dark Denim, distribute the sts evenly over 4 dpns (14 sts per dpn), join for knitting in the round (beginning of rnd is mid back) and work 8 rnds in border pattern. Change to color Antique Pink (do not cut off the Dark Denim strand, but twist this strand at the beginning of every new rnd around the working yarn to prevent little gaps in your work) and work 3 rnds in st st, change back to color Dark Denim (don't cut off color Antique Pink) and work another 3 rnds in main pattern. Continue working according to given stripe-sequence; in the 72nd rnd of stripe-sequence (= 3rd rnd of a Dark Denim stripe) leave the sts of the 2nd and 3rd dpn (upper foot-sts) unworked, cut off strand in color Antique Pink and, with the 28 sts of dpns 4 and 1, work the flap-and-gusset heel in color Dark Denim according to basic sock pattern instructions, always knit the 2 first and last sts of the heel flap (garter stitch).

When the heel flap is finished, PUK 13 sts on both sides of the heel flap using color Dark Denim, then, using dpn 4, work half of the heel turn-sts (= 5 sts), then cut off Dark Denim. Change to color Antique Pink, knit once over all sts of dpn 4, join for knitting in the round and continue working according to stripe-sequence; beginning of rnd is now between dpn 3 and 4, i.e. at the inner leg side of the sock. Work dec's for

LAMANA

INSTRUCTION

gusset and foot as described in basic sock pattern instructions, as well as the dec's for toe (keep in mind that rnd begins at dpn 4!). Don't work the last rnds of toe according to stripe-sequence, instead use 1 of the colors to finish the toe in 1 color.

Work second sock in the same way, but reverse shaping, i.e. after finishing the heel shaping, shift beginning of rnd (in color Antique Pink) between dpn 1 and 2.

BASIC SOCK PATTERN #S/01

WORKED IN STOCKINETTE STITCH USING MERIDA

SIZES 18-47

Ⓑ

MATERIALS Lamana Merida (50% Wool, 25% Silk, 25% Polyamide, approx. 200 m/50 g) 50 g (Sizes 18-33), 100 g (Sizes 34-43), 150 g (Sizes 44-47), 1 set of dpns size 2.5 mm

PATTERN NOTE **Border pattern:** alternately k 1 (tbl), p 1; in the following rnds, work sts as they appear

Main pattern: stockinette st: in rows: knit the RS, purl the WS; in rounds: k all rounds

Gauge/Tension: 30 sts and 42 rows in stockinette st = 10 × 10 cm/4" square

ABOUT The explanations of the abbreviations used in this pattern and (size) charts can be found on last page

SOCKS WITH CLASSIC FLAP-AND-GUSSET HEEL The socks are worked from cuff to toe. CO the number of sts of chosen size listed at step 1 in size chart for the **leg** (for example: for size 38/39: CO 56 sts), distribute sts evenly over 4 dpns, join for knitting in the round and work until desired leg length (or length listed at step 2 in the chart), beginning of rnd is mid back. Start by working 2 cm/0.8" in border pattern and continue working all following rnds in main pattern.

Then work set-up rnd for **heel** shaping as follows: leave the sts of dpns 2 and 3 (upper foot-sts) unworked, only work across the remaining sts of dpns 4 and 1 (heel-sts = half the number of CO sts, step 3 in chart) and work these sts back and forth in rows, until the number of rows listed at step 4 in the chart for the heel flap is reached (to make picking up sts along the side of the heel flap easier later, the 2 first and last stitches of every row can be worked in garter stitch).

Now distribute the heel-sts evenly over 3 dpns (hereafter referred to as dpns 1 - 3; if the number of sts is not divisible by 3, distribute the sts over the dpns as listed in size chart at step 5) and work the **heel flap** as follows: RS: k to 1 st before the end of 2nd dpn, *sl last st of 2nd dpn knitwise, k 1st st of 3rd dpn and pass slipped st over. Turn work, WS: sl the 1st st purlwise, p to 1 st before the end of 2nd dpn, purl tog the last st of 2nd dpn and the first st of 1st dpn, turn work, RS: sl the 1st st purlwise, k to 1 st before the end of 2nd dpn, rep from *, until all sts of 1st and 3rd dpn are worked and only the middle number of sts (listed at step 5 in the chart) remain. Distribute these sts evenly over 2 dpns (hereafter referred to as dpns 4 and 1 again) and continue as follows:

RS: k across dpn 1, then also using dpn 1, pick up and knit (PUK) the number of sts listed in chart at step 6 alongside the heel flap (PUK 1 st per 2 rows and PUK 1 st extra at the top and bottom of the heel flap), k across the previously put on holder sts of dpns 2 and 3, subsequently PUK the number of sts listed at step 6 in the chart along the other side of the heel, then k across the sts of dpn 4, join for knitting in the round and start working in rnds again (dpns 1 and 4 now hold half of the sts of the heel flap and the picked up sts). At the same time, start working decreases for the **gusset** at the end of dpn 1 and at the beginning of dpn 4 in every 3rd rnd as follows: k to last 2 sts of dpn 1, k2tog, k to first 2 sts of dpn 4, ssk, k to end of rnd. Rep these dec's until the number of sts listed at step 1 has been reached again.

Continue working in stockinette st until the foot has the length listed at step 7 (measured when sock lays flat, from back of heel to living sts) or until the little toe is just about covered when trying on the sock. Then work the **toe** as follows:

dpn 1: k to last 3 sts, k2tog, k 1

dpn 2: k 1, ssk, k to end of dpn

dpn 3: as dpn 1

dpn 4: as dpn 2 (a total of 4 sts decreased).

Work 2 or 3 rnds without dec's. Work the remaining dec's as described above according to decrease-schedule of chosen size. Cut yarn, thread through remaining 8 or 12 sts (see step 11 of size chart) and pull tight to gather up the sts or close the toe using kitchener stitch.

SOCKS WITH BOOMERANG-HEEL Work as sock with classic flap-and-gusset heel as described above until the beginning of heel shaping. Then continue working only using dpns 1 and 4 (heel-sts = half of the number of CO sts) and leave the sts of dpns 2 and 3 unworked (upper foot-sts). Distribute the sts of dpn 1 and 4 evenly over 3 dpns (hereafter referred to as dpns 1 - 3; if the number of sts is not divisible by 3, distribute the sts over the dpns as listed in size chart at step 5) and work back and forth using short rows, as follows:

1st row (RS): k to end, turn

2nd row (WS): make a double stitch out of the 1st st (i.e. sl st purlwise and pull working yarn tight over the right hand needle to back of work, creating 2 loops on this needle, keep tension on working yarn while continue working the rest of the sts so that the 2 loops of this first st remain on needle as a double stitch - this is also referred to as "make double stitch" or "mds"), p across remaining sts, turn

3rd row (RS): make double st (mds), k to the double st (ds) of previous row, turn

4th row (WS): mds, p to ds of previous row, turn.

Rep the 3rd and 4th row, until all sts of dpns 1 and 3 are worked as double stitches and only the sts of center dpn remain on needle as normal sts. Work 2 rnds across all sts of the sock, working the 2 loops of the double sts as 1 k st.

From now on, continue working back and forth in RS and WS rows again and work short rows in opposite direction, as follows:

1st row (RS): k the sts of center heel-dpn and the first st of the side-dpn, turn

2nd row (WS): mds, p the sts of center dpn and the 1st st of the other side-dpn, turn

3rd row (RS): mds, k all sts to previously worked ds, k this ds, k one more st, turn

4th row (WS): mds, p all sts to previously worked ds, p this ds and the next st, turn

Rep 3rd and 4th row, until 1 ds remains on each side of heel. Work half a row, to center of heel. From here on, continue working in the round, in the 1st rnd k the two remaining double sts as 1 st and distribute the sts evenly over the 4 dpns as described at the beginning. Knit the foot of sock to the length listed at step 7, then work the toe as described for the classic flap-and-gusset heel.
